

WEST PHILADELPHIA MENNONITE FELLOWSHIP

CHILD PROTECTION POLICY

INTRODUCTION:

We believe that each child is a special gift from God. We acknowledge the high value that Jesus placed on our children during his earthly ministry. We seek to make all our church activities and facilities safe, especially for our children. We recognize that physical and sexual abuse and misconduct reflect the effects of sin in our broken world. We seek to prevent such abuse within the context of WPMF and all its related activities. When abuse does occur, we seek to provide for healing for all involved and accountability for the abuser.

This policy applies to all church ministries, including but not limited to Sunday School, youth activities, and nursery.

We commit to:

1. Making our church facility as safe as possible for our children.

- A. Our church is an open building and we do not have total control over access to it. At any time, people who are not a part of our congregation may enter and leave without our knowledge. All WPMF participants should be mindful of suspicious persons or situations.
- B. There must be a window in any room where children or youth ministries are conducted, if possible. When there is no window, door must be kept open.
- C. A first-aid kit will be available in the Sunday School supply closet.

2. Providing safe and adequate supervision of children and youth.

- A. Unsupervised children are not permitted outside of the basement level of the building after church or Sunday School.
- B. All children under 12 should be accompanied to the restroom by a parent or guardian during the worship service. We recommend that all children use the bathroom before attending nursery or Sunday School while there is more supervision.
- C. Two non-related adults must always be present when supervising children and youth, including when child care is provided for meetings. A person under the age of 18 may never take care of children alone without supervising adults present. In the case of Sunday School teachers we recognize that it is not always feasible to have two teachers in every classroom. We address this with section D, which follows.
- D. During Sunday School, a designated "floater" (either the S.S. Superintendent or other assigned person) will periodically check in on the classrooms, noting any inappropriate or suspicious behavior and providing any assistance to students or teachers, as needed. The floater

will pay particular attention to those classrooms with only one adult. (See Appendix VI - Floater Job Description)

E. If only one child in a particular class is present for Sunday School, that teacher and child will join another classroom.

F. Children should be released from nursery, early childhood, and primary classes to their parent, guardian or other family member.

G. During Nursery there will be two non-related adults, and ideally one youth, supervising the children. (See Appendix VII - Nursery Guidelines. These are also on display in the Nursery, and are found on the WPMF website)

H. Discipline: The goal of discipline is to help the child gain self-control and function within a group. When a child misbehaves, an adult may use redirection, time outs/listening chair, and/or verbal means to guide the child's behavior. If this does not work, the child's parent or guardian should be contacted. A raised voice should only be used to gain attention, not intimidate or discipline a child. Under no circumstances should physical punishment (slapping, hitting, grasping, shaking, restraint, etc.), or emotional punishment (silent treatment, demeaning, or degrading the child) be used. The S.S. superintendent, nursery coordinator, pastoral team member, or the child's guardian should be contacted for support in dealing with difficult or troubling behaviors by any child or youth.

3. Following Youth Ministry Guidelines.

A. All youth should have an emergency contact form on file in the church office. (See Appendix V – Emergency Contact Form). Copies should be kept with youth leader/s for off-site activities. These should be updated yearly, at beginning of each new school year.

B. For outside events, a parent or guardian must sign a waiver form allowing their youth to participate in youth group activities without holding the church liable for injuries, etc.

C. For overnight events, there should not be only 1 adult supervisor and 1 youth in a private room.

D. Mentors will abide by the permissions given on the Parental Consent Form (see Appendix V)

4. Providing safe transportation.

A. Only youth leaders, parents or guardians may provide transportation for children or youth for church activities or events.

B. A minor should never be alone in a vehicle with an unrelated adult without express permission of a parent or guardian.

5. Ensuring that all adults working with children are approved by the church leadership.

A. Employees: Hired employees and interns are required to obtain:

- 1) Pennsylvania Child Abuse History Clearance (CY113 Form);
- 2) Pennsylvania State Police Criminal Record Check (SPA-164);
- 3) Federal Bureau of Investigation (FBI) Criminal Background Check.

For employees under the age of 18, we will not require the FBI clearance for minors for whom we have firsthand knowledge that they have never lived in another state. In any situation where a minor does get an FBI clearance we will provide travel reimbursement if requested.

Fees for these applications will be paid for by West Philadelphia Mennonite Fellowship.

B. Volunteers: Any volunteers over the age of 18 who have direct contact with children or youth are mandated reporters under PA state law. Direct contact is defined as those acting in lieu of or on behalf of a parent or guardian, someone providing care, guidance, supervision or has routine interaction with child/youth as a regularly scheduled ministry. These volunteers are required to:

- 1) attend a Mandated Reporter training, or participate in an on-line training (reportabusepa.pitt.edu) at least every 5 years;
- 2) obtain the following clearances:
 - a. Pennsylvania Child Abuse History Clearance (CY113 Form); updated every 5 years
 - b. Pennsylvania State Police Criminal Record Check (SPA-164); updated every 5 years
 - c. Federal Bureau of Investigation (FBI) Criminal Background Check; only if they have **NOT** lived in the state of Pennsylvania for the entirety of the past 10 years.
- 3) sign a Children/Youth Volunteer Disclosure Statement every three years (see Appendix XI)
- 4) fill out a Volunteer Application (see Appendix X); this need not be updated annually, provided that the adult maintains consistent participation in congregational life.

Fees accrued for any of these clearances will be reimbursed by West Philadelphia Mennonite Fellowship. Volunteer will fill out reimbursement form and submit to church office.

Volunteers whose permanent residence is outside of Pennsylvania: Must obtain a FBI clearance and their state or country's child safety clearances. Mandated Reporter Training, Disclosure Statement, and Volunteer Application are still needed.

C. The Pastor and the Administrative Assistant will be responsible to maintain the documentation for each person working with our children/youth. This information will be kept confidential in a locked file. The Administrative Asst. will keep current list of people with Child Abuse Clearances.

D. All volunteers as defined in section 5.B, must have regular involvement in the church for at least six months before being allowed to volunteer with children or youth.

6. Dealing appropriately with allegations of abuse.

A. When a child discloses abuse or child abuse is suspected, mandated reporters must make an immediate and direct report of suspected child abuse to ChildLine either electronically at www.compass.state.pa.us/cwis or by calling 1-800-932-0313. Follow the detailed response plan. (See Appendix I - Detailed Response Plan to Suspected Child Abuse)

B. Persons other than a mandated reporter (permissive reporter) are encouraged, although not required by law, to make a report of suspected child abuse. Make a report to ChildLine by calling 1-800-932-0313.

C. A mandated reporter must make a report of suspected child abuse if they have reasonable cause to suspect that a child is a victim of child abuse under any of the following circumstances:

- The mandated reporter comes into contact with the child in the course of employment, occupation and practice of a profession or through a regularly scheduled program, activity or service.
- The mandated reporter is directly responsible for the care, supervision, guidance or training of the child, or is affiliated with an agency, institution, organization, school, regularly established church or religious organization or other entity that is directly responsible for the care, supervision, guidance or training of the child.
- A person makes a specific disclosure to the mandated reporter that an identifiable child is the victim of child abuse.
- An individual 14 years of age or older makes a specific disclosure to the mandated reporter that the individual has committed child abuse.

A mandated reporter does not need to have direct contact with the child in order to make a report.

7. Ensuring that the Child Protection Policy remains relevant and accessible to the congregation.

A. Copies of the policy will be distributed via website or paper to all households in the congregation, including new attendees within their first few months of attendance.

B. Copies of the policy will be kept in the church office, library and on the website, for easy reference.

C. All volunteers, as defined in section 5.B., will participate in an annual review either in person, or through electronic or written material. This annual review will include review of the policy, procedures and guidelines, current information on how to identify and report child abuse. All volunteers will sign document stating that they participated (in person or through electronic/written materials) in an annual review.

D. This policy will be reviewed yearly and updated, as necessary, by the Human Resources Committee.

Appendix I – Detailed Response Plan to Suspected Child Abuse

(for children under 18 yrs of age)

I. Initial Action and Report

When there is suspected child abuse, follow these guidelines:

1. If the child is in imminent danger or needs immediate medical attention, call 911.
2. Take the child's word seriously and keep any physical evidence.
3. Stay calm and listen carefully to the child.
4. Do not ask leading questions or probe for more details.
5. Give emotional support, reminding the child that s/he is not at fault and that s/he was right to tell you about the problem.
6. Report the suspected abuse to Childline (1-800-932-0313) immediately and complete and fax a CY47 form or submit a report electronically via the portal (www.compass.state.pa.us/cwis), within 48 hours.
7. Assure the child that appropriate action will be taken, but do not tell the child that you will not tell anyone.
8. Report the information immediately to the pastor, orally and in writing, using the initial report form (See Appendix III – Initial Incident Report). Do not discuss the incident with anyone else, unless instructed to do so by the pastor or other authorities.
9. If alleged abuser is the pastor, report the incident to a member of the Human Resources Committee (HRC) who will immediately report the allegation to the pastoral team and to the leadership of Franconia Mennonite Conference. The pastor may, in consultation with the Conference, be placed on a non-disciplinary leave of absence with pay, pending the outcome of the investigation.

II. Pastoral Actions and Reports

A. Within 48 hours, complete these steps:

1. If the child is in imminent danger or needs immediate medical attention, call 911.
2. Report the suspected abuse to Childline (1-800-932-0313) immediately and complete and fax a CY47 form or submit a report electronically via the portal (www.compass.state.pa.us/cwis), within 48 hours.
3. Speak directly with the child and anyone involved in reporting the incident. Use the guidelines listed above for hearing the child's account of what happened.
4. Begin documenting every conversation and contact regarding the alleged abuse (See Appendix IV – Pastoral Follow-Up Report).

5. Outline the response procedure to the parents/guardian and, if appropriate, to the child. Encourage the family to keep all documents and evidence.

B. Continue with these actions:

1. Work to ensure the safety of the child, in consultation with DHS or the police, if they are involved.
2. Assist the child with obtaining access to appropriate medical and counseling services.
3. Cooperate with DHS in any actions and/or pastoral care.
4. Consult with an attorney and insurance company.
5. Report findings and actions to Pastoral Team.
6. Continue to give pastoral care to all involved, as appropriate.

C. If approached by alleged offender, follow these guidelines:

1. Listen, be caring and sensitive.
2. Provide no information about the child and his/her family, details of the reporting process (i.e who reported) and who is responding to the child and his/her family.
3. Inform him/her that someone from the church will be responding to his/her needs and the issues related to the allegations.

III. Guidelines for Actions and Responsibilities of Pastoral Team/HRC:

1. Remove the alleged offender temporarily from his/her duties and any susceptible environment during the investigation.
2. Designate a spokesperson to be responsible for handling questions from other church members and any media. No one else should speak on behalf of the church.
3. By the following Sunday, notify the congregation of the action taken, the general plan, and the designated spokesperson.
4. Name a Care Team to minister to the child and his/her family, in consultation with the child's family. Also, offer a Care Team to minister to the accused and his/her family (if s/he is a member of the congregation.) Ideally each team will have members who have had training in child abuse and response procedures and whose involvement does not create a conflict of interest.
5. In consultation with legal counsel and the Care Teams, provide necessary information to the congregation. Give updates as needed to minimize the spread of rumors. Keep dated copies of these statements on file in the church office.

6. Make available to the congregation trained people who can help bring healing and assist congregational members in addressing needs.
7. Receive recommendations from the Care Teams, make decisions about any disciplinary actions or accountability plans, and monitor their implementation.
8. Evaluate the process of dealing with such incidents.
9. Ensure that there is limited contact between the accused and children at WPMF, never unsupervised.

IV. Care Team Ministry

A. Guidelines for the Care Team for the child and his/her family:

1. Meet with the child and his/her family, assess further needs and explain the procedure to be followed.
2. Offer support and care to the child and his/her family.
3. Provide a list of qualified counselors and assist with securing financial help, transportation, or other assistance, as needed, to access these professionals.
4. Maintain confidentiality until the teams and Pastoral Team agree on further disclosure to the congregation or others involved in the situation.
5. Document all actions and decisions taken, for each meeting or conversation.
6. Report to Pastoral Team, as appropriate and recommend appropriate actions and follow-up.
7. Work with Pastoral Team on implementing these recommendations.

B. Guidelines for the Care Team for the alleged offender and his/her family.

1. Meet with the alleged offender and his/her family, assess further needs and explain the procedure to be followed.
2. Offer support and care to the accused and his/her family.
3. Provide a list of qualified counselors and assist with securing financial help, transportation, or other assistance, as needed to access that help.
4. Maintain confidentiality until the teams and Pastoral Team agree on further disclosure to the congregation or others involved in the situation.
5. Document all actions and decisions taken, for each meeting or conversation.
6. Report to Pastoral Team/HRC, as appropriate and recommend appropriate actions and follow-up.
7. Work with Pastoral Team/HRC on implementing these recommendations.

V. Restoration and Healing

When the investigation is complete, the following actions will be considered, as appropriate:

1. Share information about actions taken, as needed, with the child, his/her family and the congregation. The accused person's name will be released only as confidentiality allows.
2. If the investigation finds substantiation of the allegation(s) made against the accused, the accused may be asked to resign his/her previous position or duty within WPMF, dependent on the nature and severity of the offense(s). Pastoral team will help to facilitate the healing that will need to take place with the individuals involved and with the church as a whole.
3. If the investigation finds the accused innocent with respect to the charges laid, the feasibility of continued work within the congregation will be evaluated. Efforts will be made to restore strained relationships and facilitate a healing process.

VI. Integration of Someone who has Sexually Offended

We are committed to child safety and adult accountability, while also believing in God's power for restoration and healing. In situations of possible integration into the community, an accountability group shall be formed to support and work with an individual who has sexually offended and is participating in the life of the congregation. This group will have at least one member with professional qualifications, as well as a representative from the Pastoral Team. The group will work with the individual to develop a protection plan.

Appendix II – Definition of Abuse

In the state of Pennsylvania, anyone younger than 18 years of age is considered to be a child.

Child abuse definitions, according to the Child Protective Services Law as of 9/11/15, means intentionally, knowingly or recklessly doing any of the following:

- Causing bodily injury to a child through any recent act or failure to act.
- Fabricating, feigning or intentionally exaggerating or inducing a medical symptom or disease which results in a potentially harmful medical evaluation or treatment to the child through any recent act.
- Causing or substantially contributing to serious mental injury to a child through any act or failure to act or a series of such acts or failures to act.
- Causing sexual abuse or exploitation of a child through any act or failure to act.
- Creating a reasonable likelihood of bodily injury to a child through any recent act or failure to act.
- Creating a likelihood of sexual abuse or exploitation of a child through any recent act or failure to act.
- Causing serious physical neglect of a child.
- Causing the death of the child through any act or failure to act.

Child abuse also includes certain acts in which the act itself constitutes abuse without any resulting injury or condition. These recent acts include any of the following:

- Kicking, biting, throwing, burning, stabbing or cutting a child in a manner that endangers the child.
- Unreasonably restraining or confining a child, based on consideration of the method, location or the duration of the restraint or confinement.
- Forcefully shaking a child under one year of age.
- Forcefully slapping or otherwise striking a child under one year of age.
- Interfering with the breathing of a child.
- Causing a child to be present during the operation of a methamphetamine laboratory, provided that the violation is being investigated by law enforcement.
- Leaving a child unsupervised with an individual, other than the child's parent, who the parent knows or reasonably should have known was required to register as a Tier II or III sexual offender or has been determined to be a sexually violent predator or sexually violent delinquent.

"Recent" is defined as an abusive act within two years from the date the report is made to ChildLine. Sexual abuse, serious mental injury, serious physical neglect and deaths have no time limit.

Appendix VI – Floater Job Description

A floater is an individual who will be used to check in on the various Sunday School classrooms. They will “float” around the building checking on the classes, checking to see if any classroom needs assistance and looking for anything that may not be appropriate. They will pay particular attention to those classrooms with only one adult present.

The Sunday School superintendent will do this or will assign someone to do so each week Sunday School is in session.

Appendix VII – Nursery Guidelines

For safe and adequate supervision of children:

- We will strive to follow the two-adult rule at all times when supervising children.
- Ideally, there will be two non-related adults and one youth supervising the children's play in the nursery.
- Parents should be encouraged to take children to the bathroom before bringing them into nursery. When a nursery volunteer does need to take a child to the bathroom, he or she will leave the bathroom door and the door to the bathroom stall open, or stand outside the stall if the child is sufficiently independent.
- Only the child's parent/guardian may change his or her diaper.
- Use the first aid kit in the nursery cabinet and a plastic bag with some sanitary gloves, plastic bags and paper towels in case a child throws up or starts bleeding.
- The goal of discipline is to help the child gain self-control and function within a group. When a child misbehaves, an adult may use redirection, time outs/listening chair, and/or verbal means to guide the child's behavior. If this does not work, the child's parent or guardian should be contacted. A raised voice should only be used to gain attention, not intimidate or discipline a child. Under no circumstances should physical punishment (slapping, hitting, grasping, shaking, restraint, etc.), or emotional punishment (silent treatment, demeaning, or degrading the child) be used. The S.S. superintendent, nursery coordinator or a pastoral team member should be contacted for support in dealing with difficult or troubling behaviors by any child or youth.
- Children should only be released to their parent/guardian.
- Individuals must have regular involvement in the church for at least six months before being allowed to assist in the nursery.

Contact Amanda Esh Bouwman, WPMF Nursery Coordinator with any concerns you may have. If unable to contact Amanda, you may speak with a Pastoral Team Member.

Appendix VIII – Sunday School Guidelines

- There is a first aid kit in the Sunday School supply room metal cabinet with Neosporin antibacterial ointment and band-aids. Each classroom is supplied with gloves, paper towels and plastic bags if a child were to get sick while there.

- There are several people in the congregation who have medical training.

They are: Laurie Brunk, Carol Martin Johnson, Jim Kurtz, Heidi Hershberger Esh, Michelle Miller Good, and Nancy Geryk.

- Be aware that we use an open building and at any time there may be people not part of our congregation in the building. Be vigilant about any suspicious persons or situations. If you are uncomfortable with someone, please speak with another WPMF adult, or someone in leadership, to assist you or get advice.
- We encourage children to go to the bathroom before Sunday School. If a child cannot wait to go, we recommend that the teacher send children to the restroom in pairs, primary and middler age. The early childhood classroom has a child size toilet outside their room, in the supply room. Their children may use that, but ensure privacy by closing outer door.
- Children should be released to their parents or an older sibling, with parental approval, after Sunday School. Middlers are being escorted to the fellowship hall, from the second floor, by the helper or teacher.
- We strive to follow the two-adult rule at all times, when supervising children. We are using a Floater adult to pay particular attention to classes without two adults and to check in on all classes for any help needed, during Sunday School.
- If only one child is present for Sunday School, that teacher and child should join another class closest in age.
- When a child misbehaves, an adult may use redirection and/or verbal means to guide the child's behavior. If this does not work, the child's parent/guardian should be contacted for further action. Physical action, raised voices, insults should not be used. The teacher should speak to the S.S. superintendent for support and guidance.
