1) Next season of worship:

- We discussed the upcoming months and decided to have several weeks in which we invite people in the congregation to share about their favorite Bible stories and talk about why they are meaningful to them. Lorie will compose an invitation. We will try to incorporate some kind of group art project. Lorie will contact someone about this.

- Sarah will do the next worship schedule

- Convention goers will have the July 16 worship service to share about Orlando

2) Website content

- the Song Leading section still needs work. Tim and Tim will look at it.

- the Children's Time section still needs work. Sarah will look at it.

3) Worship Planning Logistics

- Dorianna would like to be included on the email list of worship planning each week so she can try to find an appropriate bulletin cover, or solicit one from the list of volunteers.

- Sarah will write an announcement for the bulletin reminding musicians that they can bring instruments on the 1st Sunday of the month for printing the prior Sunday. Also, she will make a list of the musicians so the completed bulletin can be sent to them.

- Kol Tzedek has decided to dispense with the idea of having flowers every week on the table.

4) Follow up to Sunday School session on politics and worship

- the discussion was good

- there was a good range of thought represented
